

Ankle Straps & Ground Cords

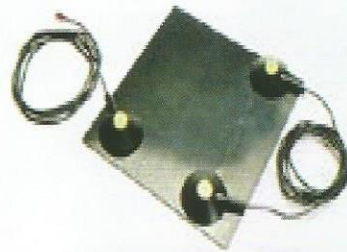

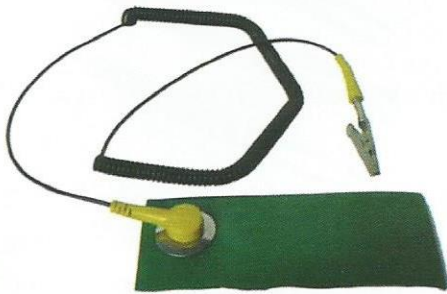

Ankle Straps (ES0101DWW-006)

- Surface Resistivity $10^3 \sim 10^9 \Omega$
- Grounding Resistivity $10^6 \Omega$
- 400~450mm

Bench & Table Top Ground Cords (ES0101DWW-007) & (ES0101DWW-008)

Ground Cord is designed for linking between the grounding terminal and the table, mats and precision tools at ESD sensitive environments. $1M\Omega$ resistor is attached for preventing the accident caused by the static electricity and the countercurrent while at work

Extension Cord Grounding (ES0101DWW-009) & (ES0101DWW-010)
