

Table mat & Sticky mat

P/N: TA0043/TA0044

ITEM: ESD table mat

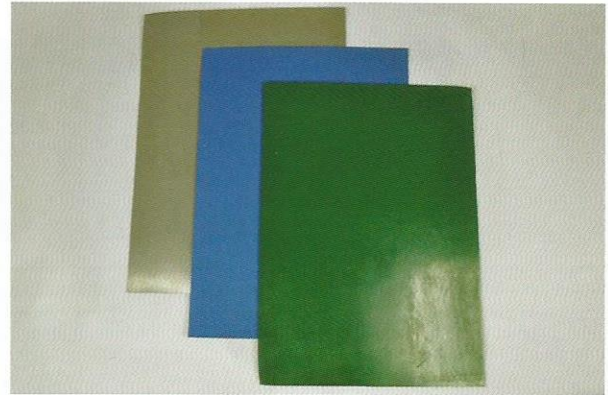

Features:

Top layer: ESD rubber

Color: green/brown/gray/blue

Bottom layer: Conductive rubber

Color: black

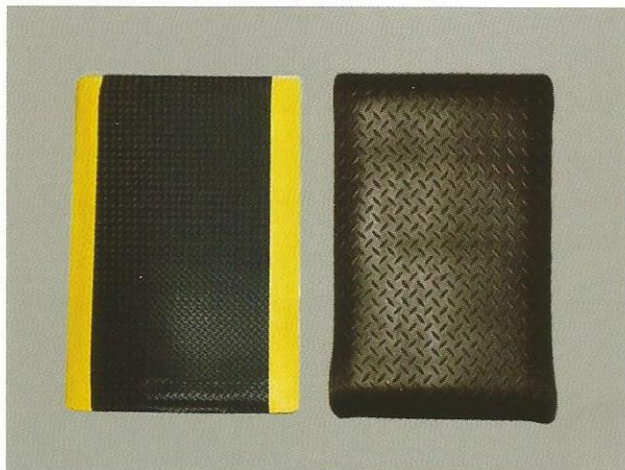

Surface resistivity : $10E^{6-8}$ for top layer

$10E^{3-5}$ for bottom layer

Advantage: The top layer has a good performance of scrape-resistant and fire-retardant.

Application: Mainly used to put it on desktop or on assembly line, goods shelves and even on the floors.

P/N	Product Name	Color	Spec.	Thickness	G.W.	N.W.	Packing	Carton Size
TA0043	ESD table mat (1mx10m)	green	Shiny	2mm	29.5 KGS	29 KGS	1roll/ctn	100x18x18c m
TA0044	ESD table mat (1mx10m)	green	Dull	2mm	29.5 KGS	29 KGS	1roll/ctn	100x18x18c m

P/N: FR0001/FR0002

ITEM: ESD floor mat

Features:

Top layer: ESD rubber embossed

Color: black/yellow

Bottom layer: conductive PU foam

Color: black

Max width is 1.2m,length could be customized

Surface resistivity: $10E^{7-9}$ for top layer

$10E^{3-6}$ for bottom layer

Advantage: The floor mat is soft on the bottom while the surface is anti-slip.

Application: Mainly used to put it on the floors to have the fatigue resistance function.
